### Main fields of application:

RUPES L301 Leather Fast Cleaner is the only leather care product you need. This multi-action formula is safe and effective on all smooth-finish leather types - pigmented, semi-aniline and aniline. The emollient detergent formula safely washes leather clean without damaging it or drying it out. Provides hydration and long-lasting protection against future soiling and UV radiation. L301 Leather Fast Cleaner will not alter tanned leather's pH of 4.5-5.0. It will not bleach color, create a sticky feel, or lead to long-term damage like caustic cleaners do.

L301 Leather Fast Cleaner rapidly cleans body oil, dirt, grease, lotion, organic material, and soil in order to restore leather's soft and supple feel.

### Instructions:

Moisten supplied cleaning sponge and wipe over soiled surface to clean, then dry with a microfiber towel.

Use a soft brush for heavily textured leather.

Always test an inconspicuous area first. Not for use on suede or nubuck.

For heavy dirt conditions a combined use with RUPES M501 (diluted 20:1) is possible. (In this case please refer also to the M501 TDS).
