COMPOSITIONS AND SAFETY MEASURES

Avoid contact with eyes

For all the safety info please refer to the SDS available at: www.rupes.com

MAIN FIELDS OF APPLICATION

M707 is a high quality maintenance car wash shampoo used to remove dirt and to provide light protection to paintwork, all in one step. M707 contains genuine carnauba wax that aids in surface lubrication and provides a supplemental layer of protection.

METHOD OF USE

-Begin by rinsing the vehicle thoroughly to remove coarse dirt and debris.

-Add 6 capfuls (50ml) of M707 to a bucket of water (10 L) and allow product to dissolve. - Using a quality wash media, wash each panel, then rinse the vehicle until clean and no soap residue remains.

-Dry surfaces with a soft drying towel.

-Always wash vehicles out of direct sunlight and do not allow product to dry on the surface. Never apply to hot paintwork.

-Shake well before use.
