M606 Rapid Cleaner Detailer

RUPES M606 is a ready to use quick detailer formula for removing smudges, dust, or light surface issues between washes. The gentle cleaning formula safely cleans without removing existing wax or sealant protection while it deposits additional layers of protection with each use. M606 is suitable for all hard, smooth surfaces, including paint, alloy rims, gel coat, glass, plastic moldings, and metal trim. Will not stain plastic or rubber trim.

Kit Includes: one 500ml bottle, one trigger sprayer, one microfiber towel.

M101 High Concentrated Detailing Shampoo

RUPES M101 is an highly concentrated automotive soap formulated for effective, yet gentle cleaning. Purposely designed to combine general cleaning and the capacity to prepare the painted surfaces for the polishing and detailing process. The innovative formulation lifts grime safely off the surface while minimizing the opportunity for wash marks and surface damage.

Kit Includes: one 500ml bottle.
